

# Xda<sup>®</sup> Flint

This unique device combines all the functionalities of a PDA with powerful desktop-like messaging capabilities. Combining contemporary style with the most up-to-date technology, the Xda<sup>®</sup> Flint has a detachable QWERTY keyboard and touchscreen, fully enhanced Microsoft Direct Push email features.

## Designed for...

Business customers who want to incorporate the latest Windows Mobile 6.1 technology and the most up-to-date security features with key mobile elements such as real time access to emails, faster data synchronisation and a full internet experience.<sup>1</sup>

## A bit more detail...

- Microsoft<sup>®</sup> direct push email capability – allows you to send and receive emails in real-time and synchronise over the air with your desktop, as well as open and amend attachments using enhanced mobile versions of Microsoft<sup>®</sup> Word, Excel<sup>®</sup>, and PowerPoint<sup>®2</sup>
- Supports the latest Windows Mobile 6.1 technology offering:
  - Getting started centre – access help from your home screen for common tasks.
  - Fetch mail for POP 3/IMAP – provides automatic downloads of large emails without intervention
  - Page overview – view entire web pages on your screen with the option to select a segment for close-up viewing
  - Zoom support – zoom into particular parts of web pages to improve readability, with 5 viewing options
  - Sliding panel home screen to seamlessly view notifications, calendar appointments, settings, music, photos etc.
  - Threaded text messaging – view SMS texts as an ongoing conversation with contacts displayed for chat-style messaging
- Optimum IT security features including safety of installed software if a battery runs down, exception lists, device lock, data deletion, device PIN numbers and over-the-air remote management and enforcement of corporate IT policy
- Angled 5 inch full colour screen for premium quality viewing of documents, photos and video clips
- Receive, view, compose and send files in HTML format
- Edit Microsoft<sup>®</sup> Office Word, Excel<sup>®</sup> and Outlook<sup>®</sup> and View Microsoft<sup>®</sup> Powerpoint<sup>®2</sup>
- Touch screen facility for easy use
- Faster data transfers with HSDPA technology
- 3G and WLAN connectivity for fast internet and email delivery<sup>3</sup>
- Optimum international coverage with Quad-Band GSM functionality – operating GSM/GPRS/EDGE Quad-band (850/900/1800/1900) wireless networks
- Detachable QWERTY keyboard for quick and easy data entry
- Integrated GPS for easy navigation
- Built-in Wi-Fi for internet access in any Wi-Fi signal area.<sup>4</sup>

## A few reasons to have an Xda<sup>®</sup> Flint

- Modern stylish design with the flexibility of a detachable keyboard for additional portability
- Built in MP3 Player for music choice
- 3 megapixel camera with auto-focus and flash light
- Video phone camera, for video playback, conferencing and self portraits
- 16GB of internal flash memory to hold more files than before
- Browse the internet in full colour with Internet Explorer<sup>®</sup> and the newly-included Opera 9.5 browser, optimised for touch-screen use
- Experience the familiar look and feel of MS software just like your desktop or laptop
- Includes Bluetooth that is compatible with wireless car kits and headsets
- Access to contact details from the company's Global Address List
- Range of accessories available include Car kit options, Bluetooth headsets, Stereo PHF headset, in car charger.
